MERGER OF THREE SOUTHERN LINES AND EXTENSIONS

Propose Connection With Burlington System at Paducah.

For Way Into St. Louis and Lake Port.

NEW ORLEANS HEARS OF IT.

New Orleans, La., Jan. 31.—An official yet apparently authoritative statement given out from reliable source of the contemplated merger of three southern railway systems means the establishment of a new trunk line between Chicago and St. Louis and the Gulf coast, with New Orleans as the southern terminus.

The statement is to the effect that there is to be a merger of three railway companies, which, with the construction of connecting links, will develop a new trunk route, backed by the Goodyear, to compete with Mississippi Valley railroads. The three roads involved are the Mississippi Central, the New Orleans Great Northern and the New Orleans, Mobile and Chicago. The latter road was the old Mobile, Jackson and Kansas City line.

According to the information in the announcement, the New Orleans, Mobile and Chicago line will extend its tracks from Middleton, Tenn., to Paducah, Ky., where the Burlington is already building down from Herford, Ill., completing the connection into Chicago and St. Louis. A line from Middleton, Tenn., to Memphis, Tenn., will also be constructed. Meanwhile traffic agreements will take the line into Kansas City.

The new southern link necessary to complete the trunk system will be built between Columbia, Miss., and Hattiesburg. This is only 7 miles.

From Middleton, Tenn., to Hattiesburg, the New Orleans, Mobile and Chicago operates its own tracks. Local connections with the new trunk system will be made via the New Orleans and Great Northern and the Mississippi Central through to Hattiesburg.

While mileage between New Orleans and Chicago by this proposed route will be somewhat longer than that of trunk lines now operating, yet it is declared the same time schedule is possible.

The Goodyear syndicate, owners of the New Orleans Great Northern, are said to be backing the consolidation.

She was born in Crittenden county and has lived in Paducah for the last ten years. She was a member of the First Baptist church.

Surviving her are her husband and one son, Frank Burton, 4 years old, and four sisters, all of Cape Girardeau, Mo., as follows: Misses Georgia, Neoma and Rose Davis and Mrs. Arlin C. Graves. Reign of Crime in Paris Compels Citizens to Take Law Into Their Own Hand to Protect Themselves

One Apache Lynched and Two Are Drowned in Battle with Marines—Hold Police at Bay in Old Hotel.

Paris, Jan. 31.—With 200,000 actually homeless and 300,000 unemployed hundreds are still imperiled by the flood and acute distress is everywhere. The government announced today that it "has the situation well in hand." This means only that the crisis of the flood itself passed and, if none of the threatened dangers materialize, the city is in a position to recover from the blow that has fallen upon it. The Seine is receding only a half inch an hour. The military aspect of the city continues and the soldiers guard the property from multitudes of looters, and also control the bread lines, which are in all parts of Paris. Many stores have substituted "boat lines" for delivery wagons.

A reign of crime and pillage is sweeping the flood devastated sections of Paris and her suburbs today. Despite the vigilance of thousands of soldiers and police, increasing depredations so enraged the people that they are taking the law into their own hands, even fighting with the authorities, who attempt to save looters from their wrath.

At Alfortville today a boat containing four Apaches was chased by a boat loaded with marines. In a revolver battle the looters' boat was finally sunk and two robbers were drowned, one was captured and lynched, and a fourth escaped. Eight armed robbers in a deserted hotel for more than an hour held at bay a mob seeking their lives. Gunshots saved them. It is believed the police and soldiers will be ordered to shoot the looters on sight instead of arresting them.

Failures in being criticized again by the newspapers, because his contribution of \$4,000 is much smaller than that of many foreigners even.

Thief, arrested at Ivory, attempted to sink the boat of his captors. They then tied a rope to him and threw him overboard and dragged him through the icy water three-quarters of an hour. He was so chilled that it is believed he will die. An attempt to lynch a looter at Paris was frustrated by the arrival of the police, who galloped in time to save his life. This act of the officers so enraged the people that they turned on them and fought a pitched battle.

The check of Frank Gould for the relief of the flood sufferers was received today. It is for \$5,000. The Standard Oil company wired \$20,000 and \$10,000 was received from Speyer & company, bankers.

The government has already undertaken the disinfecting work. As soon as the water recedes from the houses a disinfecting crew appears with carbolic acid. A big caving of the sidewalks in Quai Dausteritz occurred this afternoon. Large department stores are lending every delivery automobile to the authorities to aid in the distribution of food to the poor.

Sailing Vessel Wrecked.

Lisbon, Jan. 31.—The sailing vessel Fornna was wrecked today on the rock of Azores, and the crew of fifteen lost, according to messages. The storm that for two days was sweeping the northern part of Portugal, was the cause. Five passengers escaped in a boat.

Thawing Hydrant Causes Fire.

While a hydrant was being thawed out this morning, fire caught the residence, occupied by John McClain, Twelfth and Madison streets. The fire around the pipe burned between the walls. Home company, No. 2, and truck company, No. 4, responded quickly to the alarm and extinguished it before the blaze gained headway.

Single-Handed Officer Captures Two Yeggmen

Sarepta, La., Jan. 31.—As the result of a revolver battle between constable Bigley and two yegg men, believed to have robbed more than 30 Louisiana postoffices, Richard Sebeur, one of the bandits, is in jail here today, while his unidentified companion is fatally wounded.

Sebeur has confessed to complicity in many hold-ups. It is said, the yegg men were discovered drilling the safe in Oyle's store, and an alarm was sounded. The robbers were frightened from the job by the noise and when the first one came out, he was commanded to halt; but the man attempted to get away. The constable emptied his revolver until

There has been more people ill with pneumonia this winter than in several years.

CITY LICENSES RUSHING IN TO ESCAPE PENALTY

Thousands of Dollars Are Received in the Last Few Days.

This is Last Day They Can be Paid.

TEN PER CENT ON TOMORROW.

Thousands of dollars in revenue are pouring into the city treasury today, as the 10 per cent penalty on licenses goes into effect at midnight. Three of the busiest men at the city hall are City Treasurer Walters, City Clerk McIntyre and License Inspector Robert Hicks.

Mr. Hicks was busy all last week, notifying delinquents that today would be the time limit for the payment of licenses and it seems that a majority of them have waited until the last day. Treasurer Walters will close his office at 5 o'clock this afternoon and all who have failed to pay by this time will be charged the penalty.

Lawyers in Paducah will take an appeal from the city court in the license matter and their license may be held up until an opinion from a higher court is obtained. They are contending that the original ordinance intended to charge \$15, but by an oversight the license was increased to \$25 per annum. They will not be charged the penalty until after the opinion is handed down.

Hiram Smedley Wild

Officials at the county jail had only a few hours' sleep last night because of the yell and screams of Hiram Smedley, who is under treatment for the drug habit. All efforts to pacify him were unavailing.

Traverse City, Mich., Jan. 31.—Following the filing of his wife's divorce papers and a petition that he be put under bond to keep the peace, Ezra Withrey, 55 years old, today waylaid his wife in a crowded street, as she was going to work in company with a half dozen young women, including her 16-year-old daughter, and shot her. He then turned the revolver on himself, blowing out his brains. Mrs. Withrey is seriously injured, but is not fatally wounded. The fact that one of the bullets struck her false teeth and was deflected probably saved her life.

Freight and Passenger Trains on Main Line of Illinois Central in Head-on Collision This Morning

Twelve People Are Injured in Spite of Heroic Effort to Prevent Wreck; Mail Clerks Suffer Most Severely.

THE INJURED.

Emmett Harris, mail clerk, bruised.
Eldridge Grimes, mail clerk, bruised.
Bob Lewis, mail clerk, bruised.
Roy Cornwell, of Bardwell, postal clerk, foot hurt.
Bruce Knox, postal clerk, leg fractured and bruised.
R. A. Edmonds, of Illinois, bruised.
Engineer Touttitt, of Fulton, leg sprained.

Traveling Engineer Lloyd Grimes, of Fulton, face lacerated and bruised.
C. E. Miller, of Cairo, express messenger, back injured.

A serious wreck resulted this morning on the Illinois Central railroad near Hives, Tenn., when a head-on collision occurred between fast passenger train No. 3, between Chicago and New Orleans, and the third section of freight train No. 184. The freight crew is said to have overlooked orders. Desperate efforts were made to check both trains, and the trains had slowed down or the wreck would have been disastrous.

The passengers were jarred up considerably, but none was seriously injured. None of the passengers in the Pullman cars was injured. The most seriously injured were the mail clerks. When the engines met the heavy Pullman cars wedged in the light mail cars, breaking them in two. Eldridge Grimes, a mail clerk, looked out the door just before the collision and warned his companions of the approaching crash. The passenger train was moving about 15 miles an hour and the freight train about 10 miles an hour when the collision occurred. None of the injured were from Paducah, although some of the injured were brought to the railroad hospital at noon on passenger train No. 102.

The big engines were welded together by the impact. None of the crews were Paducah men. The passenger crew runs between Cairo and Memphis, while the freight crew was from Fulton. Traveling Engineer Lloyd Grimes of Fulton, was on one of the locomotives when the crash came. He is well known in Paducah. The Fulton wrecker was called out. Hives is 14 miles south of Fulton.

The right leg of Knox was fractured in two places below the knee and he was bruised over the body. Harris sustained a dislocation of the left shoulder and bruises over the body. They were treated at the railroad hospital.

The road committee will make a report also. The committee will recommend some changes in the abutments of the Clark's river bridge. The abutments will be strengthened by the addition of a concrete wall. In making the improvement the county will claim land that has been encroached upon by private property owners. It is said, a lively fight may be made, as the property owners claim the land by limitation.

ANNIVERSARY OF LAYMEN MOVEMENT

CELEBRATED IN SERMON AT BROADWAY METHODIST.

H. C. Rhodes Elected President for the Third Year of the Organization.

OTHER OFFICERS ARE ELECTED.

The Rev. G. T. Sullivan preached the anniversary sermon of the Laymen's movement at the Broadway Methodist church Sunday morn. The movement is two years old. Its subject was "God's Message to Men," and his text was:

"He Spoke Unto Our Fathers," Hebrew, 1st chapter, 1st verse.

He said in part:

God has been pleased in every age to speak to men and tell them things by divers ways what His purposes meant, and ask conformity to His divine will. In divers manners He spoke to our fathers and at sundry times; at last by Jesus, His Son, and our Saviour, He brought to men His sweetest and best messages. In dreams, in words, face to face; in types and ceremonials; in prophecies and fulfillments; and by revelations; Abraham, Isaac, Jacob, Moses, Joseph, Daniel and David were taught and called to duty; so the unfolding plan of the old testament has gone into the enlarging plan of the new testament. Christ called twelve men to be apostles, He sent out from the disciples seventy others and gave them power, and these messages re-

ceived a new meaning among men. The call of man to duty is a continuous thing, for it is the method to complete the redemption of the world. Men today have committed unto them as definitely God's message as had Moses, Aaron, David and all the prophets. The task is not to establish this proposition, but the burden is, to get men to see it and accept it.

At the close of the sermon the congregation elected H. C. Rhodes, president; Dr. Vernon Blythe, vice president; C. H. Hatfield, secretary, and F. B. Smith, treasurer of the movement. The two years of this Laymen's work has been encouraging. Much work is planned for the present year. Dr. Blythe, H. C. Rhodes, W. H. Suggs, J. A. Carnegie, have been appointed as delegates to the Memphis convention, February 8, 9 and 10.

FORTY DOGS

TOOK FORTY SLUGS OF ARSENIC SATURDAY.

Hypo Route to the Happy Hunting Grounds for Stray Canines.

Forty stray, homeless, helpless dogs picked up by the dog catching department of the city last week, and death last Saturday by the "hypo" route and were hustled away to their burying ground. How to dispose of the four-legged nuisance was a big question confronting Patrolman L. J. Riese. He took them out ten by ten and with drowning them was attached a like expense, as the patrolmen throw off his helmet and put his thinking cap on.

"Ah-ha, I have it," he said, and out the side gate of the city hall yard he went. He turned south on Third street and summoned D. C. G. Warner, a veterinarian. Taking his time and arsenic tablets, Dr. Warner accompanied Mr. Riese to the dog lock-up and they went to work.

One at a time the animal doctor gave each canine an injection in the flank. They all howled over and died. Patrolman Riese turned out the outfit and took them to the dump. It was three minutes.

A Fine Time to Work Out the Food Problem

The wide spread "shriek" about high prices for meat will induce people to plan meals with more reason and better judgment of food strength and cost.

Many of our strong men, College Athletes and others, learned from actual experience that a vegetarian diet produced better results than a diet including meat.

After all the arguments for and against any particular kind of diet, the question can best be solved for the individual by personal experiment.

H. J. Lewman, engineer in charge of the construction of the skyscraper to be erected by the City National bank, is busy preparing for the preliminary work. Superintendent Richardson will arrive from Louisville about February 15 and will prepare for the dismantling of the present building about March 1.

It has been decided to use Tennessee marble for the exterior finish, instead of Bedford stone for the first two stories.

Mr. Lewman is letting bids for the sub-contracts. Langstaff-Orme Manufacturing company has secured the contract for the window frames; the Ohio River Sand and Gravel company the contract for the sand, and Rafterjohn & Dally the contract for the electrical fixtures.

AT THE CHURCHES

The revival at the First Baptist church began last night, and continues for two weeks. The pastor, the Rev. M. B. Dodd, held the first service last night. This morning the Rev. T. T. Martin, of Blue Mountain, Miss., arrived and will lead the revival. Mr. and Mrs. T. L. Johnson, of Chicago, the choir men, will arrive this afternoon and participate in the service. The church is open to all, and special efforts will be made to reach the unconverted.

Yesterday morning the regular service was held at the church, Dr. Dodd preaching a strong sermon on "God's Promise."

Tenth Street.

Two new organizations were pronounced at the Tenth Street Christian church yesterday. The Rev. H. W. was dismissed upon motion of the defense, after an extended session and a large offering for the prosecution had been heard. The regularly announced services were held yesterday at the Grace Episcopal church and the attendance was large. Mr. Percy Croelmann, of Indianapolis, sang both morning and evening offertory. Services will be held Wednesday morning at 11 o'clock.

Kentucky Avenue.

The interest in the series of lectures on the "Book of Revelations" at the Kentucky Avenue Presbyterian

church is growing. Two large congregations were present yesterday. The Rev. M. B. Dodd, pastor of the church, will lead the revival. The church is open to all, and special efforts will be made to reach the unconverted.

Lutheran.

The Lutheran Social club of the German Lutheran church will meet next Wednesday evening at the school house. The regular services were held yesterday and the attendance was up to its usual standard.

Two excellent sermons were preached at the Cumberland Presbyterian church yesterday by the Rev. Foster H. Callahan. Mr. Callahan is a young preacher yet in school, and his discourses show evidence of good training as well as hard study. He filled the pulpit in the absence of Pastor Pook, who was out of town on a special engagement. At the evening hour some special music was rendered by the children of the Home of the Friendless, two beautiful songs being sung. The children are very nicely behaved and sing with almost perfect time, owing to the excellent training given them by their matron, Miss Raper. It was expected that the Rev. W. S. Wright would preach at the evening hour but owing to his recent illness he was not able to do so, although he is much improved now and able to be out.

ANNIVERSARY OF LAYMEN MOVEMENT

CELEBRATED IN SERMON AT BROADWAY METHODIST.

H. C. Rhodes, Elected President for the Third Year of the Organization.

OTHER OFFICERS ARE ELECTED.

The Rev. G. T. Sullivan preached the anniversary sermon of the Laymen's movement at the Broadway Methodist church Sunday morning. The movement is two years old. His subject was "God's Message to Men."

"He Spoke unto Our Fathers," Hebrew, 1st chapter, 1st verse. He said in part:

God has been pleased in every age to speak to men and tell them things to do, and ask conformity to His will. In diverse manners He spoke to our fathers and at sundry times; at last by Jesus, His Son, and our Savior, He brought to men His sweetest and best messages. In dreams, in words, face to face; in types and ceremonies; in prophecies and fulfillments and by revelations; Abraham, Isaac, Jacob, Moses, Joseph, Daniel and David were taught and called to duty; so the unfolding plan of the old testament has gone into the enlarging plan of the new testament. Christ called twelve men to be apostles. He sent out from the disciples seventy others and gave them power, and these messages re-

colored a new meaning among men. The call of man to duty is a continuous thing, for it is the method to complete the redemption of the world. Men today have committed unto them as definitely God's message as had Moses, Aaron, David and all the prophets. The task is not to establish this proposition, but the burden is, to get men to see it and accept it.

At the close of the sermon the congregation elected H. C. Rhodes, president; Dr. Vernon Rhythe, vice president; C. B. Hatfield, secretary, and P. B. Smith, treasurer of the movement. The two years of this Laymen's work has been encouraging. Much work is planned for the present year. Dr. Rhythe, H. C. Rhodes, W. H. Suggs, J. A. Carnagey, have been appointed as delegates to the Memphis convention February 8, 9 and 10.

One member was received at the morning service. Miss Sarah Redford sang the evening offertory.

At a business meeting Friday night of the officers of the Men's Bible Class of the Broadway Methodist church, presided over by the president, H. C. Rhodes, the class appointed a general and a first and second colonel. Major J. H. Ashcraft was appointed as general, M. C. Burns, first colonel, and H. F. Bennett, second colonel. The class will be divided into two regiments, and Mr. Burns will have charge of the first regiment, and Mr. Bennett of the second. These regiments will be subdivided into different companies, with a captain over each company. And a spirited contest for increasing the membership will follow.

Committees were also appointed as follows: Social—A. G. Rhodes, Otis McLaughlin, E. H. Hurlingham. Devotional committee—John D. Robinson, Prof. C. B. Hatfield, Floyd L. Harris.

The class has a membership of 105.

FORTY DOGS

TOOK FORTY SLIPS OF ARSENIC SATURDAY.

Hypo Route to the Happy Hunting Grounds for Stray Canines.

Forty stray, homeless, helpless dogs picked up by the dog catching department of the city last week, not dead last Saturday to the "hypo" route and were hustled away to their burying ground. How to dispose of the four-legged nuisances was a long question confronting Patrolman Le-curgus Rice. Electrocuting costs too much and with drowning them was attached a few expense, so the patrolmen threw off his helmet and put his thinking cap on.

"Alas, I have it," he said, and out the side gate of the city hall yard he went. He turned south on Third street and summoned D. C. G. Warner, a veterinarian. Taking his hypo and arsenic tablets, Dr. Warner accompanied Mr. Rice to the dog house and they went to work.

One at a time the animal doctor gave each canine an injection in the back. Then all loaded over and down the alleyway Rice followed the official line of the city hall to pass off. It was three minutes.

Daily Thought.

Nothing can be produced out of

nothing.—Diogenes.

Mary Melane went back to little

to get some coal coal, and was

stricken with scarlet fever. We knew

Mary would get too much some time.

GOOD GOVERNMENT IS GOOD

FOR THE EMPLOYEES.

Paducah policemen and firemen

have cause for congratulation that

their salaries were raised \$5 on the

month. They deserve it. They de-

serve more, perhaps; but that is be-

yond the question, when the limit of

possibility is reached. The mayor

and the finance committee figured

hard to include the raise. To the

policemen or fireman, of course, it is

only \$50 a year; to the city it must

mean \$3,450 more a year. But this

is the important thing: the men have

received their first raise in years.

The administration, which, when it

obtained control of the board of com-

missioners, refused to exercise the

right to discharge men for political

reasons, promoted one of the oldest

in point of service from the ranks and

kept the faithful on the force. Has

seen that among the first fruits of

absolution from a floating debt, is a

deserved increase for the guardians

of the city.

There is another lesson in this for

the officers. They may learn from

this that honest and efficient govern-

ment pays even the employees of it.

How often have we seen policemen

and firemen, in the bare hope of

holding their ill-paid positions, en-

gage in the lowest form of political

corruption for the benefit of the po-

litiens higher up, who propose to

loot the city and leave nothing with

which to increase the wages of the

men who did the work? A police-

man and fireman, who declines to

graft then finds he has been the cat-

spaw for the man higher up.

This increase is a stepping stone.

Maybe another raise will be made.

Right and good government are best

for all, did we but know it, and the

man who opposes it, or lends counte-

nance to political evil is hurting him-

self in some way, though he may not

realize it.

THE LEXINGTON BUDGET.

Lexington reduced her police force

and fire department twelve men, dis-

missed her load of public works, cut

the city printing from 50 to 25

cents an inch, increased the tax rate

from \$1.73 to \$1.90 and yet will have

a deficit of \$11,000, unless the gen-

eral council adopts the mayor's sug-

gestion of increasing saloon licenses

from \$150 to \$200. Both the Leader

and the Herald favor the increase.

It is evident that Lexington is

walking up to the situation in which

Paducah found herself, and is fol-

lowing the footsteps of this city, cor-

recting the fault by reducing ex-

penses where possible, and then

bringing the income up to an ap-

proximation of the cost of govern-

ment.

Lexington spends little more on

her fire department than Paducah,

but she pays three times as much for

water, nearly five times as much for

sanitation, twice as much for street

lighting, three times as much for

sanitation, seven times as much for

charity, and twice as much for

schools. Her school board has a de-

ficit of \$10,785.51, and asked for

\$95,000 from the city. It was grant-

ed \$85,000.

All this goes to show that Paducah

is in comparatively good shape finan-

cially, even if she has not the reve-

nue producing sources of Lexington;

for she is free from several kinds of

sinking fund and interest accounts,

which the Blue Grass metropolis

must carry.

Commenting on the situation the

Leader says:

"The Leader confesses it is at a

loss to understand city finances. It

reductions of expenses have been the

order of the day, beginning with the

wiping out of the board of public

works, the dismissal of twelve police-

men and firemen, the cutting down

of the cost of city printing about one-

third by reducing the rate from 50 to

25 cents an inch, and other minor

economies, and yet we are confronted

with an increase of the city tax rate

from \$1.73 to \$1.90 on each \$100 of

property. On top of this, the hos-

pitals and charitable institutions are

in danger of having their apporportion-

ments wiped out if the general coun-

cil turn down Mayor Skala's recom-

mendation of an increase in the

saloon license from \$150 to \$200 a

year."

Some Stories Around the Town.

How many people does Richard

Ashbrook, the popular clerk at the

Palmer House, know? Mr. Ash-

brook says that he would like to

know himself. Such will never be

possible for his acquaintances are

scattered from the Atlantic to the

Pacific and from the North pole to

the jungles of Africa. For five

years "Dick" Ashbrook has been

behind the desk at the Palmer House

and in that time he has made friends

with thousands of people. Gentle,

courteous, and an experienced hotel

man, he has made an ideal clerk,

and when seen once his smiling

countenance is hard to forget. Mr.

GOOD MEN

ARE SENT TO ARMY FROM THIS

DISTRICT.

Sergeants C. A. Blake and Joseph

Krosky at the Paducah army recruit-

ing station, are winding up their

month's business today, and Captain

George W. Kirkpatrick, of Evans-

ville, will arrive this evening to pass

upon four applicants that will likely

be accepted and sent to Jefferson

barracks. So far this month there

have been 35 applicants, out of which

number 27 were rejected, leaving 8

good men taken in here for army

service.

The Paducah station holds a good

record for sending in excellent men

to the army post at Jefferson bar-

racks. In the regular quarterly re-

port sent here it shows that the Evans-

ville district (in which Paducah is

included) had only 6 men rejected

at the post out of 98 sent in for the

months of October, November and

December, 1909. Although the Evans-

ville district ranks sixth on the

list of importance, it has the lowest

per cent of men turned away at the

post. In every district a certain per

cent of recruits sent in are rejected

for some reason.

Out of the 98 men sent to Jefferson

barracks by the Evansville district,

the Paducah station contributed

26 for the three months and not one

man was rejected from this station.

This is a source of gratification to

Sergeants Blake and Krosky.

The quarterly report places New

York in the lead. The following list

shows the men sent in to the differ-

ent army posts and the number finally

rejected:

New York, 647 men, 145 rejected;

San Francisco, 164 men, 101 re-

jected; Chicago, 871 men, 112 re-

jected; Knoxville, 148 men, 19 re-

jected; St. Louis, 141 men, 20 re-

jected; Evansville, 98 men, 6 re-

jected; Pittsburgh, 104 men, 17 re-

jected; Denver, 95, 8; Detroit, 101, 17;

Terre Haute, 91, 14; Buffalo, 91, 17;

Toledo, 87, 19.

The above figures show the Evans-

ville district's record which is good.

Denver comes next to Evansville in

HELEN TAFT FOR

WOMAN'S RIGHTS

MISS MARTHA GRUENING "PICK-

ETED" FOR GIRL STRIKERS.

Her Mother Says She is Glad Daugh-

ter Arrested if it Will Prove it is

Not Illegal to "Picket."

HER COMPANION IS ARRESTED

New York, Jan. 31.—That ad-

vanced ideas of "woman's rights"

permeate the atmosphere of some of

the best known girls' colleges in the

land, is given as the reason by Mrs.

Emily Gruening why her daughter,

Miss Martha Gruening, is taking an

active interest in woman's suffrage

and the shirtwaist strike. Miss Gru-

ening was arrested in Philadelphia Sat-

urday while "picketing" with the

strikers, and was kept in jail all

night.

"My daughter first evidenced an

interest in the suffrage cause when

she was in Smith college," said Mrs.

Gruening, who is the wife of Dr.

Gruening, a wealthy surgeon, of East

Fifty-seventh street.

"All the girls in college were in-

terested in the cause. My daughter

also attended Hryn Mawr.

"It was only natural that my

daughter should take an active in-

terest in the movement. The woman

suffrage cause seems to be linked

with industrial conditions, and the

industrial questions are very im-

portant."

Glad Daughter Arrested.

Miss Gruening, who moved in the

best society in this city, was a school-

mate of Miss Helen Taft, daughter of

the president. Miss Taft also seems

to have been inspired with the patri-

otic fervor in the cause of woman's

rights while she was in college. The

president's daughter recently attend-

ed a meeting of sympathy for the

shirtwaist strikers, held at the home

of Mrs. Henry Lallier Jayne, a Phila-

delphia society leader.

"If the arrest of Martha will lead

to a test case so that it can be proved

that it is not illegal to picket in

Philadelphia, I will be glad that she

was arrested," said Mrs. Gruening.

"Of course, I do not like the idea

of her spending a night in jail. We

would have bailed her out, but she

telephoned us that some friends of

hers in Philadelphia had gone on her

IN SOCIAL CIRCLES

State Capital Social Items.
 Gov. and Mrs. Augustus E. Willson will give a reception at the Mansion in honor of the general assembly on the evening of Tuesday, February 8.

The cotillion danced at the Capital Hotel Wednesday evening was one of the prettiest and most delightful of dances. Mr. Bacon Blanton led many attractive figures, ably assisted by Miss Elise Dandridge, one of the prettiest debutantes and graceful dancers.—Frankfort News.

Bonnett Eulchre Successful Affair.

The bonnet eulchre given Saturday afternoon at the Palmer House by the Paducah chapter of the United Daughters of the Confederacy was a delightful and largely attended affair. The dining room was effectively decorated in Confederate flags and arranged for 18 card tables. The tables were a pretty red and white design. Mrs. W. C. Gray made the highest score, winning the first prize, a cut glass bowl. The second prize, a hand-painted plate of the Iris design, was captured by Mrs. Harry Hinkle; and the third prize, a pretty plate in the rose design, was won by Mrs. W. M. Marble, who presented it to the chapter, to be sold and the proceeds added to the eulchre fund.

After the game cherry punch was served at an artistically arranged table by Mrs. James Koger, assisted by the daughters of the Confederacy. About \$40 was realized from the eulchre and will be used for the Confederate monument fund.

 Music—"Dixie", sung by little Myra Gilbert.

Married in Denver.

Miss Mamie Duke, formerly of Paducah, and Mr. George Hillinger, of Denver, Col., were married Wednesday, January 12, at the Methodist church, on Twentieth and Larimer streets, Denver. The Rev. Mr. Peck pronounced the ceremony, using the ring service. The bride wore white satin and carried white roses. The bride veil was caught up by Misses of the valley. The maid of honor wore white and carried white carnations. On the following Sunday Mr. and Mrs. Hillinger united with the church. The bride is a daughter of Mrs. L. A. Duke, of Hyers, Col., and is well known here.

Miss Anna Florence Smith, of Boston, will give a recital on Tuesday evening, February 1, under the auspices of the Kentucky Avenue Presbyterian church, in the auditorium of the church. Miss Smith is quite an artist and is well known in the city, and her appearance on Tuesday is looked forward to with great pleasure. Miss Smith will be accompanied by Mrs. George B. Hart, in the following program:

Popular in Paducah.

The History and Literary club held its regular meeting yesterday afternoon with Mrs. Charles M. Meacham. The regular program was dispensed with and the feature of the meeting was a talk by Mrs. Caswell Bennett, covering her recent stay of two years in Europe. Mrs. Bennett and her attractive and accomplished daughter, Miss Virginia Bennett, are the guests of Mrs. H. C. Locker, this being Mrs. Bennett's first visit here in nine years. She is a very brilliant and cultured woman, whose extensive travels at home and abroad have given her a wide range of information. Her description of points of interest in the old world and scenes

and sights that impressed her most was intensely interesting to the ladies of the club and others who were present. Mrs. Bennett and her daughter will shortly go to Louisville to spend some time at the Seelbach before returning to Lexington, where they will reside.—Hopkinsville Kentuckian.

At Kentucky's Mansion.

Mrs. Willson was at home to visitors formally Thursday afternoon for the first time since Governor Willson has been the chief executive. Mrs. Willson expects to receive callers at the mansion every Thursday afternoon during the winter and these functions are expected to be one of the features of social life at the capital this winter. Mrs. Willson has been ill in great deal since Governor Willson has been in the executive chair and then her severe accident followed so that for the last year her physical condition has been such as to prevent her from taking part in the social life of Frankfort. She is much better now and expects to go out a great deal.

Governor and Mrs. Willson will give a reception in honor of the members of the general assembly on February 8, in the evening, and this will be a rather elaborate affair, being the first time in some years that a reception has been given for the legislature by a governor of Kentucky.

At her at home yesterday afternoon Mrs. Willson received her guests with charming hospitality. She was assisted in entertaining by Miss Mary Lee Warren, of Louisville, and by Governor Willson. The mansion was crowded most of the afternoon with the women of Frankfort and the wives and daughters of members of the legislature who are in Frankfort. Only a few men were present.—Frankfort News.

Paducah Girl Graduates in California.

The Los Angeles Examiner, January 25, contained a picture of Miss Mayme Bauer, a former Paducah girl, who was graduated with the mid-year class of the Polytechnic High school. Miss Bauer formerly attended the Paducah High school, but removed to California last year with her parents, Mr. and Mrs. J. A. Bauer. She is a bright and attractive girl with many friends in her home city. Since attending the Polytechnic High school Miss Bauer has been a popular student. "A Russian Honeymoon" was presented by the graduating class last week and was one of the events of commencement week.

At the Home of the Friendless.

Owing to the inability of Rev. G. T. Sullivan to lead the regular Sunday afternoon devotional exercises at the Home of the Friendless, Prof. W. H. Suggs, of the High school, made an excellent talk to the children of the Home on the subject, "Your Aims and Their Accomplishment." Professor Suggs paid nice compliments to the children on their behavior, and to the matron, Miss Raper, on the evidences of her management of the Home. Several songs were sung by the children during the evening, and the visitors at the exercises were nicely entertained.

ALMSHOUSES WILL BE INSPECTED BY THEM

Magistrates John J. Bleich and Baxter Kuykendall are considering making trip to Louisville and Frankfort for the purpose of inspecting the almshouse and the Lakeland asylum. They are members of the poorhouse committee, and desire to make the trip for the purpose of gaining information to make a set of rules to govern the county poorhouse. However the county will not stand for any junkets, and if the trip is made it will be at the expense of the two magistrates. County Judge Allen W. Barkley has declared that he does not favor the county paying the expenses of junkets.

FOUNTAIN AVENUE CASE REACHES THE COURT

A friendly suit has been filed in circuit court by W. L. Yancey and E. B. Johnson against Maple Wheeler, Charles K. Wheeler and the city of Paducah for \$209.99 alleged due for the improvement of Seventeenth street by grading and graveling. It is claimed that the property, abutting the street, is assessed lower than the cost of the improvement, and this is the point of law that will be fought out. The question has been in the court for several months. The land is not platted, and the city contends that the whole tract is not just that part abutting the improvement is liable for the cost.

The parade will include the Confederate Veterans and Fraternal Order of Eagles. Capt. Joseph E. Shipp, ex-sheriff of Hamilton county, will be royally welcomed upon his return to Chattanooga after serving a sentence in the District of Columbia jail for contempt of the United States supreme court in connection with the lynching of Ed Johnson, a negro.

Captain Shipp's co-defendants, Luther Williams and Niek Nolan, who were released from jail with him in Washington yesterday, and James C. Ginn, a Chattanooga resident, and William Mager, who had previously completed their sentences and returned home, will be participants in the welcome Sunday and the banquet Monday.

Commercial Course.
The commercial course was inaugurated into the curriculum of the High school. Only stenography will be taught this year, as the board thought it better not to introduce bookkeeping until next year. Miss Helen Ellis will be the instructor. The classes will be taught in the board room, which is on the first floor and the operating of the typewriters will not disturb the school. Freshmen will not be permitted to enroll this semester but it will be open to the sophomores, juniors and seniors. Between 25 and 50 pupils are expected to take advantage of it.

GAMES TOMORROW NIGHT AT
THE GYM.

Indiana and C. C. & W. and L. & P.
and D. A. D.'s With
Contest

Two good games are promised to-
morrow night in the basketball
league. The Indiana will try and
wrest the honors from the C. C. &
W. quintet, while the D. A. D. and
the Light & Power teams will have
a game. The present race is just
getting under way, and no team has
a chance on the rag. The attendance
of the games this season has been
excellent. Nearly every game has
been attended by a full house.
Financially the league is a big suc-
cess. It is expected to award the
winning team with a handsome cup
while if possible a banquet will be
given the players.

The Knights of Columbus basket-
ball team has thrown up the sponge.
They have decided to quit the league.
The number of candidates for the team
disappeared the promoters, and the
league was not represented in the
city basketball league.

Fears Concerning Supreme Court De-
cision in Most Cases Bear the
Market.

MONEY SHOWS EASIER TENDENCY

New York, Jan. 31. (Special).—
That the market has received fresh
shocks this week, showing marked
declines and corresponding rallies
with unexpected frequency. Fears
concerning the forthcoming decisions
of the United States supreme court
on the Tobacco, Standard Oil and
Union Pacific cases were the main
causes of weakness. The decline was
accelerated by increased aggressive-
ness on the part of the bear contin-
gency; whose operations were chiefly
directed by working upon these ap-
prehensions. It is known that a num-
ber of our leading capitalists are
quite concerned about the tenor of
these decisions, which may come very
shortly or may be deferred for sev-
eral months. Should they be unfav-
orable, it will, of course, be neces-
sary for many unlawful corporations
to reorganize. This will involve
some disarrangement of plans; more
or less temporary disorganization,
and possibly some disappointment in
certain financial circles. There is,
however, no ground for undue anxi-
ety regarding the effect of these de-
cisions. Previous decisions by the
supreme court in its interpretation
of the Sherman anti-trust law have
always been on conservative lines,
and there is no reason for anticipat-
ing any serious departure on this oc-
casion. It will be remembered that
financial chaos was predicted in the
event of an unfavorable Northern
Security decision. That decision
was unfavorable yet the effect was
not what was anticipated. The com-
pensation concerned immediately con-
firmed with the law and went on doing
business as before without injury
to the market. The same will prob-
ably be the case regarding the great
corporations now under trial. They may be obliged to
reorganize, with more or less tempo-
rary inconvenience, but they are quite
likely to continue in the business of
refining oil, preparing tobacco and
everything else just as before. As
Mr. J. Hill recently remarked the
other day, "What difference will it
make whether owners have one
green certificate to represent their
interests or two red ones?" As for
the policy of President Taft, there
is no reason to anticipate that he
will carry it out in reckless fashion.
Mr. Taft's disposition is to conserve
and not destroy property interests,
and in any event he can do neither
more nor less than aid in the pro-
cedure of law-breaking corporations.
Not a few of our large corporations
have been illegally put together, and
proper reconstruction will in the end
do good and not harm. Especially
where monopolies are checked and
their power for injury prevented the
effect of the decisions be benefi-
cial. Some day investors will come
to realize that no industrial security
earning large profits based purely on
monopoly can be regarded as having
value of permanent stability. In-
dustrial monopolies—those based on
patents excepted—are regarded as
against public welfare and will al-
ways be exposed to popular attack;
hence their undesirability as invest-
ments.

Money.

The money market shows some-
what easier tendencies. Funds are
returning more freely from the in-
terior, and the surplus reserves are
rising in consequence. The situation
is also favorable in this respect
considerable ease prevailing in Lon-
don, Paris and Berlin. The great
floods in France, causing a loss es-
timated at between \$100,000,000 to
\$200,000,000, must have some effect
in Paris, although the reconstruction

Pills gave entire satisfaction in my
case and consequently, I do not hesi-

from a dull pain in my kidneys and

proof that my kidneys were affected.

away. I must say that I never used
a remedy that acted so promptly and
brought such beneficial results."

work which will be required cannot
make any sudden demands upon the
money market. France is financially
strong and optimistic, so that a dis-
aster of this sort will only exert a
passing effect. London is becoming
more hopeful, and a further reduc-
tion in the bank rate is not improb-
able. Europe is just now exception-
ally free of international friction.
The situation abroad, therefore, is
generally satisfactory from the finan-
cial point of view.

At home the situation is somewhat
confused by temporary drawbacks.
The agitation against the present
high cost of living, which has spread
like wildfire from the Atlantic to the
Pacific, has an important political sig-
nificance, inasmuch as the discontent
which it implies unless checked may
easily be the occasion for a great
deal of radical and injurious legisla-
tion. Already investigations are be-
ing initiated that will furnish fresh
material for the agitator, and unless
some means are found to satisfy the
discontent it may easily become a
much more disturbing factor than
has yet appeared. If an investigation
can be conducted free of political
animus, it may accomplish much
good by provoking discussion and
showing what are the real reasons
for present high prices. As already
stated in these articles, high prices
are due to many and very complex
causes, and little relief can be ex-
pected from legislation. It is large-
ly an economic movement, and one
that with time and patience will work
out its own solution far better than
through any legislative meddling.

Stock.

While there are reasons for un-
settledness as noted above, the fact
should not be forgotten that the bet-
ter class of stocks have now reached
a point where they are sure to at-
tract the attention of the investor.
With a decline of 10 to 20 points in
many of the best issues, it is evident
that their investment qualities are
much better than three months ago.
Stocks are now being quietly picked
up by shrewd buyers for permanent
holding, and should the decline go
much further it will be found that
the floating supply of securities has
been materially diminished. Stocks
have gone from weak into stronger
hands in considerable volume, and
the possibility of the bears meeting
with further success on the decline
is constantly diminishing. Fundamen-
tally, conditions are sound, and the
prospects are that before midsummer
the market will reach a considerably
higher level than the present one.
While the present tone of uneasiness
continues it is not impossible that
still lower prices may be reached, but
the better class of stocks can be con-
sidered as a purchase upon all pro-
nounced breaks for the market is
near bed-rock figures and any impor-
tant decline is sure to bring out
strong buying.

The bond situation is not satis-
factory owing to the fact that at
present level stocks are more attrac-
tive. A number of new issues are
still held back awaiting more favor-
able financial conditions, and nothing
is likely to assist more in this respect
than the recent severe decline. Sec-
retary MacVeagh's bond tax proposal
is not likely to command general ap-
proval. It is at best an expedient
and not a cure. Short term obliga-
tions until currency reform is pos-
sible and no harm would follow the
government paying better rates for
money just as other borrowers have
been obliged to do.

HENRY CLEWS.

Hand Shaking as a Penalty.
President Taft at the first formal
reception of his administration at
the white house shook hands with
5,575 visitors. This feat he accom-
plished in three hours. That is to
say, he bestowed this typical Ameri-
can salutation at the rate of one
hand shake every two seconds.

Still Theodore Roosevelt holds the
championship. Last year he "shook"
with 6,053 in two and one-half
hours. His record was made in 1906
when he passed 9,352 "shakes" in
one hour and forty-four minutes—
about one a second.

The hand-shaking performance
cannot be called a ceremony; it is
rather an ordeal. Mr. Taft is re-
ported to have come out of it fresh and
uninjured. He has added another
testimony to his greatness.—Boston
Post.

EARLY FINISH IS PREDICTED

ALTHOUGH CONGRESS HAS MADE
LITTLE HEADWAY.

A Strong Opposition Has Developed
to Taft Bills—Uncertain if
Taft Will Hold Congress

IN SESSION LATE OR NOT

Washington, Jan. 31.—Although
congress has made little headway
toward the enactment of important
legislation demanded by Taft yet on
every side an early adjournment is
predicted. The question of what
kind of a reception the members
will meet if they go to the white
house April 15 or May 1 with plans
to quit for summer, if the adminis-
tration program is then unfulfilled,
is one which the leaders admit is
giving them deep concern. The ab-
sence of unanimity on almost all the
president's measures makes it ex-
ceedingly difficult to work those hav-
ing such bills in charge. The bills
to amend the railroad rate laws, to
establish postal savings banks, val-
idate the withdrawals of public lands
wanted for conservation purposes, and
to legalize national charters for
corporations doing interstate busi-
ness, which is placed at the head of
the "white house schedule," have
all met determined opposition.

From a political standpoint the
Republican waters are seemingly
muddied by the investigations in
progress, and the minority appear
willing to let this procedure con-
tinue indefinitely. The inquiries
into the interior department and for-
eign service are having some effect
upon the plans to amend the land
laws and enact Alaskan legislation.
The investigations relating to second
class mail matter and the postoffice
deficit and the causes of increased
living, all tend to minimize the
chances for the complete redemption
of the Republican campaign pledges.

A conference of Republican leaders
probably will be held after Senator
Aldrich returns from Florida. He
is expected this week.

Means will be advocated to restore
to some semblance of order from the
existing chaotic conditions. It is de-
sired to arrange the Taft policies in
the order of their preference, as it
is thought no progress will be made
while some leaders are pushing one
form of legislation, and others other
measures.

Nobody predicts when the several
propositions before the house de-
signed for the elimination of Caution
from the rules committee and for
making the committee more repre-
sentative of the whole membership
will come to a "show down."

Several important hearings will be

SAGE FOR DARKENING THE HAIR.

There is nothing new about the
idea of using sage for restoring the
color of the hair. Our great grand-
mothers kept their locks soft, dark
and glossy by using a "sage tea."
Whenever their hair fell out or took
on a dull, faded or streaked appear-
ance, they made a brew of sage
leaves and applied it to their hair
with wonderfully beneficial effect.
Nowadays we don't have to resort to
the old-time, tiresome method of
gathering the herbs and making the
brew. This is done by skillful
chemists better than we could do it
ourselves, and all we have to do is
to call for the ready made product,
Wyeth's Sage and Sulphur, contain-
ing sage in the proper strength, with
the addition of Sulphur, another old-
time scalp remedy. This preparation
is sold by all first-class druggists for
50c and \$1.00 a bottle, or is sent di-
rect by the Wyeth Chemical Com-
pany, 74 Cortlandt St., New York
City, upon receipt of price. For sale

'The Newlyweds and Their Baby'
The big music show that holds the boards at the Kentucky tonight, arrived on their special train of three coaches. The company numbers 60. The costumes are said to be match-

less. A gorgeous gown of drapery, the new blue cloth which occupies such a conspicuous rank in the good graces of Paris, will make its first appearance in Paducah during act 1, worn by Mrs. Newlywed, Countess Olga von Hatzfeldt.

French model hats are displayed prominently. The play is founded on George McManus' cartoons, the book is by Aaron Hoffman and Paul West, lyrics of Seymour Brown. Nat D. Ayer and John W. Bratton, Frank Smithson staged the production. A pony ballet termed the "Eight Pouter Pigeons," wins instant favor. An augmented orchestra has been provided. A heavy advance sale indicates a most successful engagement.

A play that polits a moral and makes life worth while is "Graustark," the dramatized version of George Barr McCutcheon's bewitching book, which is to be the attraction at the Kentucky on Wednesday evening, February 2. The story, that it teaches is, there are no delights to which a man with courage and perseverance may not climb, and its incentive to live is in its charming romance, that indescribable something which makes all the world love a lover, and innocents one with a feeling of divine bliss and aspirations for higher ideals. Plays of this kind are a valuable adjunct to the pulpit, and preach powerful sermons.
